For U.S. express services, this surcharge applies per piece even if multiple pieces are bundled in a shipment. We reserve the right to assess additional handling charges for packages that require special handling or that require FedEx to apply additional packaging during transit. The additional handling surcharge does not apply to U.S. express packages that measure greater than 108 inches along their longest side. Such packages are subject to the FedEx oversize charge (see p. 126 for more information). **Express Freight.** A surcharge applies to any piece, skid or pallet of freight that measures greater than 70 inches along its longest side. Address Correction **Express.** If the shipper provides an incomplete or incorrect recipient address, we may attempt to find the correct address and complete delivery. We may use the address included in the shipper's electronic shipment information to determine whether an address correction is necessary. We will assess a shipping fee. For shipments receiving FedEx Express Multiweight® pricing, the fee is $13 per package up to a maximum of $91 per shipment. Address correction is also required if the recipient phone number is omitted for a Rural Delivery (RD) address or a Star Route Assignment (SRA) address in Alaska. If we are unable to complete delivery, we are not liable for failing to meet our delivery commitment. Within the U.S., we also will assess this fee if the address is a P.O. box number or P.O. box ZIP code. For international shipments destined to a P.O. box address, we may assess the fee if a valid telephone, fax or telex number is not provided for the recipient. For FedEx International Broker Select®, the address correction fee will apply if the broker's address is incomplete or incorrect on the air waybill or other shipping documentation. If we cannot determine the correct address or cannot reach the broker, we may attempt to contact the sender for address clarification or instructions to return the shipment. If we are unable to complete delivery under these circumstances, we will not be liable for failing to meet our delivery commitment. **Ground.** If the shipper provides an incomplete, incorrect or P.O. box recipient address, we may attempt to determine the correct address, complete delivery and notify the shipper of the address correction. We may use the address included in the shipper's electronic shipment information to determine whether an address correction is necessary. We assess an additional charge for delivery or attempted delivery to the corrected address. For shipments receiving FedEx Ground Multiweight® pricing, the fee is $13 per package up to a maximum of $41.40 per shipment. The money-back guarantee does not apply to these shipments, and we are not liable for failing to complete delivery or meet our scheduled delivery time. Ancillary Clearance Service Fees

FedEx provides import clearance processing for international express package and international express freight shipments, and international ground shipments. FedEx may charge an ancillary clearance service fee, where applicable, on international shipments for clearance processing; for services requested by the shipper, recipient or importer of record; or to recover the costs passed to FedEx by the regulatory agency for regulatory filing. Ancillary clearance service fees that are invoiced are described on a separate line item on the duty-and-tax invoice.

We may apply these service fees, which are subject to change, to either a U.S.- or non-U.S.-based shipper, recipient or designated third party. When possible, we will honor the shipper's request to bill these service fees to the payer as designated on the Bill Duties and Taxes section of the air waybill or shipping label. When we are unable to honor that request, the recipient may be invoiced for applicable ancillary clearance services.

When the Bill Shipper or Bill Third Party option is selected to pay duty-and-tax charges, the payer will be invoiced for all applicable ancillary service fees that are assessed for clearance in the destination country, including all fees resulting from ancillary services that may have been requested by the recipient.

For more information about the ancillary clearance service fees that may apply to your shipment, select your destination country from the list provided at fedex.com/ancillary/go/service.

Dimensional Weight Dimensional weight is calculated by multiplying the length by width by height of each package in inches and dividing the total by 166 (for all shipments within the U.S. and FedEx Express shipments between the U.S. and Puerto Rico) or 139 (for all U.S. export and U.S. import-rated international shipments). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. If the chargeable weight of a FedEx Ground package exceeds 150 lbs., a prorated per-pound rate will be used. Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound. Dimensional weight applies per package or per shipment to all FedEx Express U.S. shipments in customer packaging, and per shipment to all FedEx Express international shipments and U.S.-to-Puerto Rico shipments in customer packaging. Shipments in FedEx packaging may be subject to dimensional-weight pricing. FedEx Ground applies dimensional weight to all shipments. Any such charges will be billed to the recipient, unless you instruct us otherwise. In the event we advance duties and taxes on any given shipment, the payer will be assessed an ancillary clearance service fee based on a flat rate or on a percentage of the total amount advanced (see the Advancement Fee [FedEx Express] or the Disbursement Fee [FedEx Ground] listed under Ancillary Clearance Service Fees on pp. 116–117). Multiple-Piece Shipments For FedEx Express and FedEx Ground package services, you can ship multiple pieces as a multiple-piece shipment if the pieces: 1) use the same service, bill-to instructions, packaging type and delivery instructions (including FedEx Delivery Signature Options, collect on delivery, FedEx Express Saturday pickup or delivery, Hold at FedEx Location, or FedEx Home Delivery convenient delivery options); 2) move together on the same day from one sender to one recipient; and 3) meet all size, weight and acceptance guidelines for the selected service. Individual packages in a multiple-piece shipment may have different weights, dimensions and declared value. Within the U.S. only, individual packages in a multiple-piece shipment processed using FedEx electronic shipping solutions may contain different designations of dangerous goods (for FedEx Express) or hazardous materials (for FedEx Ground). All labeling requirements, guidelines and restrictions apply. Each individual piece or single handling unit must have an address label showing complete sender and recipient addresses. Multiple-piece shipments tendered as express freight must be palletized, stackable, forkliftable, banded and shrinkwrapped to form single handling units. Once a multiple-piece shipment tendered via a U.S. package service reaches a total shipment weight of 100 lbs. for FedEx Express (200 lbs. for FedEx Express Saver) or 200 lbs. for FedEx Ground (with contract-only FedEx Ground Multiweight rates), it is rated based on price per package and price per total shipment weight. You are billed the lower of the two rates. For FedEx Express, a 15-lb. average minimum package weight for the shipment applies. For FedEx Ground, an average minimum package weight for the shipment applies and varies by contract. FedEx Express international multiple-piece shipments are billed based on total shipment weight. FedEx One Rate multiple-piece shipments are not eligible for FedEx Express Multiweight pricing. All FedEx electronic shipping solutions can create shipping labels for FedEx Express and FedEx Ground multiple-piece shipments within the U.S., and will place a master tracking number and package-count sequence and total on each label. A FedEx Express Package US Airbill or FedEx Express Freight US Airbill can accept up to 999 pieces as a multiple-piece shipment (except for shipments in FedEx® Envelope or FedEx 10kg Box and FedEx 25kg Box packaging).	U.S. Express Services, International Express Services	FedEx Express Multiweight rates may apply. See pp. 56–57 (U.S.) and p. 82 (Puerto Rico and international) for more details.
	Ground Services	FedEx Ground Multiweight rates are available by contract only.
