Capability Statement:

Leonard's Auto Repair, Inc. dba Orchid Isle Hauling & Rentals has been in business in Hawaii since 1982. We perform various phases of land clearing, excavation, house pads and driveways, and hauling of aggregate on the East side of Hawaii Island. Leonard also now does Line Boring and machine work necessary on bulldozers, excavators, and other heavy machinery around the island.

We have worked in the past with the State and County of Hawaii for various reasons such as: fire breaks, road clearing, landslide clean up, etc. We work with many local construction companies as well as personal homeowners on the East side of Hawaii Island.

We were once located on the Hamakua coast, in Ookala before relocating to Hilo. When we were in Hamakua we did most of our work with the State and County, the last being work on a fire break off of Mana Road in 2013.

We are a relatively small company, locally owned and operated, with six full-time employees. We work more on the East side of the island from Hamakua to Puna; aside from the line boring, which is island wide and mobile.

Company's mailing and physical address is 499 Kulana Kea Drive, Hilo. We are located in Wainaku on the Hamakua end of Hilo. Office phone is (808)961-3360; office hours are 8:00am to 4:30pm, after hours contact Leonard Cardoza at (808)938-7712 or Amity Enriquez at (808)895-5355. Our email address is oih@hawaiiantel.net or amitye@ymail.com.
