CCT Special Considerations:

- All CCT with EtCO₂ include one EtCO₂ sensor. You must choose mainstream or sidestream sensor by quoting sensor as additional line item at No Charge. Mainstream Capnostat sensor is 8000-0264-01. Sidestream LoFlo Module sensor is 8000-0365.
- All CCTs are available with a DC Power Supply instead of an AC Power Supply at no additional charge. This can be ordered by replacing digit 7 with a "2".
- Direct transmission to GE Medical Systems MUSE® is available for CCT with 12-lead option. Replace digit 5 with a "2".
- Xtreme Pack I or II is available for all M Series ® units. Order as a separate line item if required for transport applications.
- If RS232 option is required, the RS232 Data Transfer Cable must be quoted. Part number 8000-0605-01, \$55 per cable.
- Xtreme Pack II is optional and may be substituted for Xtreme Pack I at the time of the order for \$170. List as separate line item for each M Series ® ordered.
- Xtreme Pack II for 12-lead is optional and may be substituted for Xtreme Pack I at the time of the order for \$250. List as a separate line item for each M Series ® ordered.
- The CCT Model may be upgraded to include a XL Smart Complete Battery for an additional charge of \$55. This upgrade includes the replacement of the XL Smart Ready Battery with the Smart Complete Battery. This can be ordered by replacing digit 7 with a "6" for M Series CCT with AC power or by replacing digit 7 with a "7" for M Series CCT with DC power.
