Includes work done after hours or on weekends and holidays. Also includes work when the technician works more than an eight hour shift. Unit of measure is per hour.

LR-5 Minimum Outside Labor Charge (minimum charge for part of an hour)

Includes work done after hours or on weekends and holidays. Also includes work when the technician works more than an eight hour shift. Unit of measure is per half-hour.

REGULATORY FEES AND TAXES

GET Hawaii General Excise Tax

This is a state imposed gross receipts tax that applies to the receipts from both general business activities and telecommunications services in the state.

The telecommunications portion may be charged separately as it is calculated from an effective rate, which recognizes the allocation of interstate long distance services. The effective rate is 4.166% for Hawaii, Maui and Kauai Counties.

Please note that effective January 1, 2007, there was an additional county surcharge for the County of Honolulu of 0.5%. The effective rate is 4.712% for Oahu only.

GET is applied to deregulated items, Interstate Subscriber Line Charge, Federal Universal Service Fee, Access Recovery Charge, and Telecommunications Relay Service Surcharge.
