Neighbor Island “After Hours” Lab Services

Diagnostic Laboratory Services provides “after hours” specimen collection and breath alcohol testing services via a voice pager/cell phone process.

1. The DER or their designated associate can page / call the DLS technician. If a message is left, the DLS technician should call back within 30 minutes.

The information that will be discussed include: name of company manager, cell phone number, location and types of tests needed.

2. Observed specimen collections may not be available after hours. Let the DLS tech know if an observed collection is required, and they will determine whether they can provide a service that requires the same gender or whether your company will need to provide an observer.
3. For safety reasons, the company employee **must be escorted** by a supervisor and meet the lab tech at the agreed on location. If the test is cancelled for “no-show” or any other reason, the “after hours” tech time fees will be charged.
4. The **Employer must bring the drug test forms** for the tests needed:
 - Federal Custody and Control form and/or
 - Breath Alcohol test form or
 - Non DOT / Forensic Custody and Control form
5. The “after hours” fee, will be charged from the time the technician is called with a minimum 1 hour charge. After hours fees begin from the time the technician is called and ends when they return. This fee is also charged for services rendered on Saturdays at a DLS site.
