

## U-Haul International Capability Statement

1. **Core Competencies:** We believe the primary responsibility of U-Haul is to develop products and services to help people move and store their household and commercial goods in an economically, environmentally and socially responsible manner.
2. **Past Performances:** We have and do work with tens of thousands different businesses, both big and small, across the US and Canada. We have dialed in procedures, portals, billing, and believe we could be of substantial help to you not only during this crisis but moving forward in many different capacities.
3. **Differentiators:** U-Haul has two things that trump all our competition: available capacity and volume. Whether it be Cargo Vans, Box Trucks, Pickups, or Storage Units, we are here to help.
4. **Corporate Data:** We work extensively across the US and Canada, have thousands of units and employees, and have become a staple for families and businesses when it comes to hauling or storage.
