Company Information and Capability Statement

Cushnie Construction Company, Inc. is a locally owned and operated business on the island of Kauai, where Laura and Ralph Cushnie have over 63 years of combined experience in heavy/civil construction. We specialize in site development, roadways, underground utilities (water, sewer, drain, fireline, conduit), mass grading, concrete flatwork/structures, renewable energy systems and emergency work for public and private entities. Our extremely diverse capabilities range from large complex projects to smaller residential, \$10M - \$10K.

We pride ourselves in providing quality work, value, professionalism and relationships with every constituent of a project. Our philosophy in providing a successful project is to know the project from top to bottom. As a result, we deliver completed projects on schedule, offer value engineering, maximum efficiencies and minimal impact to the community.

Our management and crew continually complete professional development education classes. Safety is integrated into every aspect of the business and we are creative. We have incorporated state of the art technology into our estimating, project management, accounting, field data/records, photography and equipment. Our heavy/civil equipment fleet includes semi and tandem trucks as well as specialty equipment which enables us to mobilize quickly and efficiently.

We are actively involved in the community where we support our local schools, youth programs, business associations, local fundraisers and leadership organizations.

Emergency Contacts

- Laura Cushnie, President, Cell: 808-645-0959, Email: laura@cushniecci.com
- Ralph Cushnie, Vice-president, Cell: 808-645-0955, Email: ralph@cushniecci.com
- Jeff Griffin, Project Manager, Cell: 808-645-0954, Email: jeff@cushniecci.com
- James Hasenyager, Estimator, Cell: 808-651-6769, Email: james@cushniecci.com
