INTERNET PORTAL SERVICES is a self-supporting and cost-effective Internet Portal that provides enhanced access to public information and services. The key components of the Portal system are a "home page" that is designed from a customer or citizen point of view, applications that support on-line processing of licenses, filings, permits, applications, renewals, and database searches, and presentation of information to citizens and businesses. It has been developed and operated without the direct appropriation of any tax dollars. Many services and information are provided to the public at no charge.

Primary funding for the portal comes from transaction costs or additional portal fees for enhanced or value-added services. Under the self-supporting model, multiple revenue sources are identified and established by the Access Hawaii Committee (AHC) to fund the enterprise portal initiative.

This contract is for front-end Web applications to deliver information and services, including:

- Web site and application development;
- Web site and application maintenance;
- Web site and application hosting;
- Marketing;
• Customer service;
• Payment portal and account management;
• Portal development and maintenance; and
• Mobile web applications

To facilitate the integration of application development with State and County systems, the Contractor will provide the following at no additional expense:
• Data conversion to port data from the existing back-end systems or other data sources to the Portal at the Contractor’s expense; and
• Development, maintenance, and troubleshooting interfaces to transfer information bi-directionally between the Portal Partner’s system and the Portal. Unless separately negotiated between the Portal Manager and a Portal Partner, any computer and/or communications hardware, software, or service required to implement these interfaces shall be at Contractor’s expense, inclusive of all one-time and recurring costs.

Services include expanding portal services by developing new and enhancing existing portal services. Work includes project management, design, programming, testing, deployment, documenting, and marketing. All work on Portal services shall be done with the approval and input of the portal partners and oversight of the AHC.

The Contractor shall negotiate individual Service Level Agreements (SLA) with each agency that needs portal services. All SLAs are subject to the prior approval of the AHC and work shall not commence under any SLA without AHC prior approval.

For each project undertaken, agencies shall work with the Contractor to develop a Statement of Work (SOW) to be developed by the Contractor.

This contract does not include development or maintenance work on back-end applications, hosting back-end applications, storage of partner data, or processing of partner data and internal-only systems, such as:
• Acting as the sole or primary repository of partner-owned data;
• Processing of partner-owned data for internal-only purposes;
• Primary archive, data or image storage, or data or imaging systems containing partner-owned data to be used for internal partner-government purposes; and
• Direct, live access to a Partner’s back-end existing system require approval of the Partner(s), the Access Hawaii Committee, and the Information and Communication Services Division (ICSD) of DAGS.

Agencies needing services not covered under this contract shall use the applicable procurement method and its procedures, including seeking Chief Procurement Officer (CPO) approval for an exemption, if applicable.

Portal Services

The contract allows for the development of new Portal Services to include project management, design, programming, testing, deployment, documenting and marketing. The Contractor will provide Internet application development services and consulting to include: needs analysis research, user testing and research, database development, graphics/web site design, web site maintenance and development of web applications such as database searches, dynamic web
sites and other non-transaction based services. The SOW will be developed between the Contractor and the Portal Partner, and approved by the AHC.

The contract allows for management and administrative services to include web site and application development, web site and application maintenance, web site and application hosting, marketing, customer service, payment portal and account management, and portal development and maintenance.

Expeditied Portal Related Services

The Contractor may subcontract work when an agency needs a portal service under the contract immediately that cannot be completed in a time-frame that the Contractor's staff can meet due to workload being performed under this contract. The Contractor shall be paid for such expedited services on a time and materials basis at an hourly rate listed below and cannot be used for non-contract portal services. All time and materials work for expedited portal services shall be approved by the AHC.

Effective May 1, 2022

VENDOR CODE for annotation on purchase orders is obtainable from the Alphabetical Vendor Edit Table available at your department's fiscal office. Agencies are cautioned that the remittance address on an invoice may be different from the address of the vendor code annotated on the purchase order.

SPO VL Contract No. 08-13 must be typed on purchase orders or contracts issued against this vendor list contract.

COMPLIANCE PURSUANT TO HRS §103d-310(c). Prior to awarding this contract, the SPO verified compliance of the Contractor(s) named in the SPO Vendor List Contract No. 08-13, but the SPO shall not monitor compliance throughout the term of performance. Therefore, purchasing agencies are required to verify compliance for payments under an approved SLA.
PAYMENTS are to be made to the remittance address of the Contractor(s). HRS § 103-10, provides that the State shall have thirty (30) calendar days after receipt of invoice or satisfactory completion of a SLA to make payment.

VENDOR AND PRODUCT EVALUATION. Form SPO-012 Evaluation: Vendor or Product for the purpose of addressing concerns on this vendor list contract is available to agencies at the SPO website: [http://spo.hawaii.gov](http://spo.hawaii.gov). Click on Forms on the home page.
