Reseller will work with States and Participating Entities, or their designees, to ensure that the license information data has been successfully transferred in a usable format.
- Software Publishers Categories. The identified software products have been divided into three tiers: Key Itemized Publishers, Other Itemized Publishers, and Non-Itemized Publishers. It is most desirable for Reseller to have a direct reseller agreement with the itemized software publishers. If a direct reseller agreement is not already in place between itemized software publishers and the Reseller, the Reseller is expected to enter into a direct reseller agreement and submit a rate for that itemized publisher that is better than the rate for a Non-Itemized Publisher.
 - Itemized Highest Volume Publishers (Highest Volume, Itemized Lines).

The products of the publishers in this category represent the highest tier of sales volume of those publishers who sell through resellers. This category is the one most likely to include a Participating State's enterprise or high-volume agreement with a publisher.

Resellers shall be certified direct resellers for publishers in this category. The preferred pricing that a Reseller receives based on their reseller certification status, in conjunction with the anticipated considerable volume of purchases through these Contracts, is the expected foundation for a very competitive base Reseller Cost, with further reductions of Reseller Cost as they are achieved through ongoing Reseller negotiations. A percentage rate above or below Reseller Cost is to be provided for each itemized publisher. Specific requirements may be required for some publishers in this category in an individual State's PA.

- *Other Itemized Publishers (High Volume, Itemized Lines).*
The products of the publishers in this category represent a high level of sales volume. This category may include a Participating State's high-volume agreements or VLAs with a publisher. It is desirable for Resellers to be certified direct resellers for publishers in this category. A percentage rate above or below Reseller Cost is to be provided for each itemized publisher.
- *Non-Itemized Publishers (all other distributed software purchases).* This category is defined to include all other distributed computer software not specifically itemized. Enterprise or Volume Licensing Agreements are not anticipated in this category. New or existing software products can be added to this category at any time during the term of the contract without the written consent of the LSCA and may be itemized in the online catalog, if volume justifies the addition. There should be one percentage rate above or below Reseller cost covering all products in this category.
- Software Publishers, General Representation
 - *Excluded Software Publishers.* The Reseller must agree that there are no software publishers with whom they will refuse to do business if the Software Publisher is willing to do business with them. Resellers shall advise the LSCA or designee of any Excluded Software, Publishers and provide explanation for the non-representation.
 - *Expanded Representation.* The Reseller is expected to continue to work towards reseller certifications with publishers not currently represented, particularly with those publishers whose sales volume merit classification into the itemized publisher lines. Similarly, Reseller is expected to continue to work toward a higher certification level with current publishers.
- Price Quote General. Pricing is submitted in the MPA as a percentage of Reseller Cost. As requested by a Purchasing Entity, for example on a high-volume single order, Reseller shall negotiate to reduce Reseller Cost, to pass on savings to the Participating State. Firm individual order quotes shall be provided to Purchasing Entity prior to order submittal.
 - *Telephone or Email Quote Support.* Reseller shall accept requests for quotes by telephone, fax, or email. Reseller shall accept collect telephone calls and/or provide and maintain a toll-free number for eligible agency use. Reseller shall provide an email address for receipt of requests for price quotes.  - *Timely Quotes.* Reseller agrees to work with publishers and distributors to obtain quotes and deliver software in a timely fashion. Expected response should be within twenty-four (24) hours but no more than three (3) business days. If, after three (3) business days, the Reseller has been unable to obtain the quote or assurances that they can obtain the software, the Reseller shall contact the Participating State or other Purchasing Entity with

a status report. The Reseller and the Participating State/Purchasing Entity will mutually agree as to whether the Reseller shall continue to pursue a quote and within what timeframe, or whether the Reseller will provide the Participating State/Purchasing Entity with a written statement that the Reseller cannot supply the software. If the Reseller has been unable to obtain a quote within ten (10) days of the request for quote, the Reseller shall provide a written statement (email is sufficient) to Participating State/Purchasing Entity.

- Guaranteed 30 Day Quote. Reseller is required to honor all quotes for thirty (30) calendar days. If it is known that a price increase will occur during the thirty (30) calendar days following the quote, the Reseller may provide two quotes, based upon the date that the order is received.
- Sales Promotion. The Reseller may conduct sales promotions involving specific products or groups of products for specified time periods. If electing to exercise this provision, the Reseller shall submit a formal request for approval to the LSCA. The request should include: the product or product groups, the promotional price as compared to the standard price and the Master Agreement price for the product or product groups, and the start and end date of the sales promotion. LSCA's approval shall be in the form of an amendment to the MPA. Upon approval, the Reseller shall provide conspicuous notice of the promotion to all Participating Entities.
- Product Delivery and Returns
 - Media. The Reseller shall work with Participating State or other Purchasing Entity to provide media via any method available and as requested by the Participating State including, but not limited to: original Publisher media, CD copies of Master media duplicated by the Reseller, electronic downloads, etc. In cases where original publisher's media is not available, the Reseller shall provide CD's copied from master disks of the software purchased under any volume or enterprise license agreement.
 - Delivery Period. Reseller to provide delivery no longer than ten (10) business days after receipt of a valid order unless conditions arise that are outside the control of the Reseller. If delivery cannot be within this time frame, Reseller is to notify Purchasing Entity of delay and anticipated ship date. If this delayed delivery is unacceptable to Purchasing Entity, the order can be cancelled without penalty.
 - Product Returns. Unopened software can be returned with no restocking fee up to 30 days from date of receipt, if allowed by the software publisher. If the software publisher has a shorter time frame for returns or requires a restocking fee, this must be stated on the quote. If that information is not provided to the Participating State by the Reseller, Reseller is responsible for the restocking fee. If delivered software is defective, or if the incorrect product was delivered, the Reseller must agree to accept returns. If delivered software is defective, the Reseller is responsible for return shipping and packaging costs and for restocking charges if applicable. The Reseller must agree that any defective or incorrectly delivered media will be replaced by overnight delivery at the Reseller's expense if requested by the Participating State or Purchasing Entity. If overnight delivery is not requested, all replacement products must be received by the Participating State or Purchasing Entity within seven (7) days of initial notification.
 - Shipping Charges. Items covered under this contract are FOB Destination and shipping charges are not to be included on any invoice unless the Purchasing Entity has ordered expedited shipment. For expedited shipment, Purchasing Entity would submit their order including shipping charges, which may not exceed the cost of delivery by the carrier.
