INFORMATION ON NASPO VALUEPOINT

The NASPO ValuePoint Cooperative Purchasing Organization is a multi-state contracting consortium of state governments, including local governments, of which the State of Hawaii is a member. NASPO ValuePoint Purchasing Organization seeks to achieve price discounts by combining the requirements of multi-state governmental agencies, and cost-effective and efficient acquisition of quality products and services.

The State of Minnesota is the current lead agency and contract administrator for the NASPO ValuePoint Computer Equipment (Desktops, Laptops, Tablets, Servers, Storage, including Related Peripherals & Services) contract. A request for competitive sealed proposals was issued on behalf of NASPO ValuePoint Cooperative Purchasing Organization and contracts were awarded to fourteen (14) qualified Contractors.

The contract provides three product bands for: Band 1: Personal Computing Devices – Windows Operating Systems: Desktops, Laptops, and Tablets; Band 2 Personal Computing Devices – Non-Windows Operating System: Desktops, Laptops and Tablets; and Band 3: Servers and Storage.

For additional information on this contract, visit the NASPO ValuePoint website at <https://www.naspovaluepoint.org/portfolio/computer-equipment-peripherals-related-services-2023-2028/>.

USE OF PRICE & VENDOR LIST CONTRACTS BY NONPROFIT ORGANIZATIONS. Pursuant to HRS §103D-804, nonprofit organizations with current purchase of service contracts (HRS chapter 103F) have been invited to participate in the SPO price & vendor lists contracts.

A listing of these nonprofit organizations is available at the SPO website: <http://spo.hawaii.gov>. Click on *For Vendors > Non-Profits > Cooperative Purchasing Program > View the list of qualifying nonprofits eligible to participate in cooperative purchasing.*

If a nonprofit wishes to purchase from a SPO price or vendor list contract, the nonprofit must obtain approval from each Contractor, i.e., participation must be mutually agreed upon. A Contractor may choose to deny participation by a nonprofit. Provided, however, if a nonprofit and Contractor mutually agree to this arrangement, it is understood that the nonprofit will retain its right to purchase from other than a SPO price or vendor list Contractor(s).

CONTRACTORS. The authorized contractors are listed in this vendor list contract. They have signed a Master Agreement with the State of Minnesota and a Participating Addendum with the Hawaii State Procurement Office.

VENDOR CODES for annotation on purchase orders are obtainable from the *Alphabetical Vendor Edit Table* available at your department's fiscal office. Agencies are cautioned that the remittance address on an invoice may be different from the address of the vendor code annotated on the purchase order.

COMPLIANCE PURSUANT TO HRS §103D-310(c). Prior to awarding this contract, the SPO verified compliance of the Contractor(s) named in the SPO Vendor List Contract No. 24-03. *No further compliance verification is required prior to issuing a contract, purchase order, or pCard payment when utilizing this contract.*

PURCHASING CARD (pCard). The State of Hawaii Purchasing Card (pCard) is required to be used by the Executive department/agencies, excluding the DOE, SFA, HHSC, OHA, and UH, for orders totaling less than \$2,500. For purchases of \$2,500 or more, agencies may use the pCard, subject to its credit limit, or issue a purchase order.

Note: Vendors may impose a transaction fee, not to exceed 4%, for pCard transactions.

PURCHASE ORDERS may be issued for purchases of \$2,500 or more and for vendors who either do not accept the pCard, or set minimum order requirements before accepting the pCard.

SPO VL CONTRACT NO. 24-03 & applicable NASPO VALUEPOINT MASTER AGREEMENT NUMBER shall be typed on purchase orders issued against this vendor list contract. For pCard

purchases, the SPO Vendor List Contract No. 24-03 and the applicable NASPO ValuePoint Master Agreement Number shall be notated on the appropriate transaction document.

PAYMENTS are to be made to the Contractor(s) remittance address. HRS §103-10 provides that the State shall have thirty (30) calendar days after receipt of invoice or satisfactory completion of contract to make payment. Payments may also be made via pCard.

LEASE AGREEMENTS are allowed under this contract.

STATE GENERAL EXCISE TAX (GET) AND COUNTY SURCHARGE shall not exceed the following rates if seller elects to pass on the charges to its customers.

COUNTY	COUNTY SURCHARGE TAX RATE	STATE GET	MAX PASS-ON TAX RATE	EXPIRATION DATE OF SURCHARGE TAX RATE
C&C OF HONOLULU	0.50%	4.0%	4.7120%	12/31/2030
HAWAII	0.50%	4.0%	4.7120%	12/31/2030
COUNTY OF MAUI (including Molokai and Lanai)	0.50%	4.0%	4.7120%	12/31/2030
KAUAI	0.50%	4.0%	4.7120%	12/31/2030

The GET or use tax and county surcharge may be added to the invoice as a separate line item and shall not exceed the current max pass-on tax rate(s) for each island.

County surcharges on state general excise (GE) tax or Use tax may be visibly passed on but is not required. For more information on county surcharges and the max pass-on tax rate, please visit the Department of Taxation's website at <http://tax.hawaii.gov/geninfo/countysurcharge>.

COMPLIANCE PURSUANT TO HRS §103-53. All state and county contracting officers or agents shall withhold final payment of a contract until the receipt of tax clearances from the director of taxation and the Internal Revenue Service. This section does not apply to contracts of less than \$25,000.

CONTRACT INFORMATION

Definitions

- **Accessory** means a product that enhances the user experience but does not extend the functionality of the computer (e.g. mouse pad or monitor stand). For the purposes of this contract, accessories are considered peripherals.
- **_____ as a Service** (_aaS) refers to any good provided in a subscription-based model that is defined in the industry as “_____ as a Service”. Examples are “Software as a Service”, “Infrastructure as a Service”, and “Storage as a Service”, and shall follow the NIST definitions of those services. _____ as a Service are permitted only when they meet the restrictions found in Section Product Restrictions - Cloud Services.
- **Band** means a category of products. There are three product bands which may be awarded through this contract. Each product band includes related peripherals and services.
- **Configuration** means the combination of hardware and software components that make up the total functioning system.
- **Desktop** means a personal computer intended for regular use at a single location. A desktop computer typically comes in several units connected together during installation: (1) the processor, 2) display monitor, and 3) input devices usually a keyboard and a mouse. Desktops, including desktop virtualization endpoints such as zero and thin clients, are included in Bands 1 and 2 of this contract.
- **Embedded Software** means one or more software applications which permanently reside on a computing device.
- **Energy Star®** is a voluntary energy efficiency program sponsored by the U.S. Environmental Protection Agency. The Energy Star program makes it easy to identify energy efficient computers by labeling products that deliver the same or better performance as comparable models while using less energy and saving money. For additional information on the Energy Star program, including product specifications and a list of qualifying products, visit the Energy Star website at <http://www.energystar.gov>.

- **EPEAT** is a type-1 ecolabel for identifying and purchasing sustainable IT products. EPEAT-registered products must meet sustainability criteria detailed in voluntary consensus-based standards that are free and publicly available on the Green Electronics Council's website at www.greenelectronicscouncil.org. Products are classified as Bronze, Silver, or Gold based on meeting criteria that address the life cycle of the products. Product life cycle includes material extraction, hazardous substance reduction, end-of-life management, packaging, and corporate sustainability. Only products listed as Active in the online EPEAT Registry are considered to meet the EPEAT criteria.
- **FOB Destination** means that shipping charges are included in the price of the item and the shipped item becomes the legal property and responsibility of the receiver when it reaches its destination unless there is acceptance testing required.
- **FOB Inside Delivery** means that shipping charges are included in the price of the item, and that the shipped item becomes the legal property and responsibility of the receiver when it reaches the inside delivery point, which is beyond the front door or loading dock. FOB Inside Delivery is a special shipping arrangement that may include additional fees payable by the Purchasing Entity. FOB Inside Delivery must be annotated on the Purchasing Entity ordering document.
- **Laptop** means a personal computer for mobile use. A laptop includes a display, keyboard, point device such as a touchpad, and speakers in a single unit. A laptop can be used away from an outlet using a rechargeable battery. Laptops include notebooks, ultrabooks, netbooks, Zero and thin client devices, and computers with mobile operating systems. Laptops are included in Bands 1 and 2 of this contract.
- **Middleware** means the software "glue" that helps programs and databases (which may be on different computers) work together. The most basic function of middleware is to enable communication between different pieces of software.
- **Peripherals** means any hardware product that can be attached to, added within, or networked with personal computers, servers, or storage. Peripherals extend the functionality of a computer without modifying the core components of the system.
- **Per Transaction Multiple Unit Discount** means a contractual volume discount based on dollars in a single purchase order or combination of purchase orders submitted at one time by a Participating Entity or multiple entities conducting a cooperative purchase.
- **Premium Savings Package(s) (PSP)** are deeply discounted standard configurations available to Purchasing Entities using the Master Agreement. NASPO ValuePoint reserves the right to expand and modify the PSP throughout the life of the contract.
- **Product** means any equipment, software (including embedded software), documentation, service, or other deliverable supplied or created by the Contractor pursuant to this Master Agreement. The term Products, supplies and services, and products and services are used interchangeably in these terms and conditions.
- **Ruggedized** means equipment specifically designed to operate reliably in harsh usage environments and conditions, such as strong vibrations, extreme temperatures, and wet or dusty conditions. Ruggedized equipment may be proposed under the band that most closely fits the equipment being proposed.
- **Server** means computer hardware dedicated to run one or more services or applications (as a host) to serve the needs of the users of other computers on a network. Servers may

be either physical or virtual. Servers, including server appliances, are included in Band 3 of this contract. Server appliances have their hardware and software preconfigured by the manufacturer and include embedded networking components such as those found in blade chassis systems.

- **Services** are broadly classified as installation or de-installation, maintenance, support, training, migration, and optimization of products offered or supplied under the Master Agreement. These classifications of services may include, but are not limited to: warranty services, maintenance, installation, de-installation, factory integration (software or hardware components), asset management, recycling or disposal, training and certification, pre-implementation design, disaster recovery planning and support, service desk or helpdesk, imaging, and any other directly related technical support service required for the effective operation of a product offered or supplied. Contractors may offer limited professional services related ONLY to the equipment and configuration of the equipment purchased through the resulting contracts.
- **Software** means, for the purposes of this contract, commercial operating off the shelf machine-readable object code instructions including microcode, firmware, and operating system software that meet the restrictions specified in Section Product Restrictions – Software. “Software” applies to all parts of software and documentation, including new releases, updates, and modifications of software.
- **Storage** means hardware or a virtual appliance with the ability to store large amounts of data. Storage, including SAN switching necessary for the proper functioning of storage equipment, is included in Band 3 of this contract.
- **Storage Area Network (SAN)** is a high-speed special-purpose network (or subnetwork) that interconnects different kinds of data storage devices with associated data servers on behalf of a larger network of users.
- **Tablet** means a mobile computer that provides a touchscreen that acts as the primary means of control. Tablets, including notebooks, ultrabooks, and netbooks with touchscreen capabilities, are included in Bands 1 and 2 of this contract.
- **Takeback Program** means the Contractor’s process for accepting the return of equipment or other products at the end of the product’s life.
- **Thin Client** is a lightweight computer that has been optimized for establishing a remote connection with a server-based computing environment.
- **Third Party Product** is a good sold by the Contractor that is manufactured by another company. Third Party Products are intended to enhance or supplement a Contractor’s own product line.
- **Wide Area Network (WAN)** is a data network that serves users across a broad geographic area and often uses transmission devices provided by common carriers.

Product Restrictions

A. Software

1. Software is restricted to operating systems and commercial off-the-shelf (COTS) software and is subject to equipment configuration limits.
2. Any software purchased must be related to the procurement of equipment.
3. Software must be pre-loaded or provided as an electronic link with the initial purchase of equipment, except as set forth in Section 4, below.
4. Software such as middleware which is not always installed on the equipment, but is related to storage and server equipment (Band 3) purchased, is allowed and may be procured after the initial purchase of equipment.

B. General Services

1. Services must be related to the procurement of equipment.
2. Wireless phone and internet service is not allowed.
3. Managed Print Services are not allowed.

C. Cloud Services

1. Cloud Services are restricted to Services that function as operating systems and software needed to support or configure hardware purchased under the scope of the contract and is subject to equipment configuration limits.
2. Any Cloud Service purchased must be related to the procurement of equipment.

D. Third Party Products

1. Third Party Products can be offered only in the Bands they have been awarded. All Third-Party Products must meet the definition(s) of the Band(s) in which they are being offered.
2. Products manufactured by another Contractor holding a Minnesota NASPO ValuePoint Master Agreement for Computer Equipment cannot be offered unless approved by the Lead State.

E. Additional Product/Services

1. Hardware and software required to solely support wide area network (WAN) operation and management are not allowed.
2. Cellular Phone Equipment is not allowed.
3. EPEAT Bronze requirement may be waived, by the purchasing entity. EPEAT Bronze requirement does not currently apply to storage.

Product Bands

- **Band 1: Personal Computing Devices – Windows Operating Systems: Desktops, Laptops, Tablets.** Desktop, laptop, and tablet are all defined in Section 2.B.2, “Definitions”. Only products utilizing Windows operating systems for these devices are allowed. Zero clients, thin clients, all-in-ones, workstations, notebooks, and mobile thin clients are included in this Band. Ruggedized equipment may also be included in the Product and Service schedule for this Band. Responders do not need to manufacture all three types of devices to be considered for an award.
- **Band 2: Personal Computing Devices – Non-Windows Operating Systems: Desktops, Laptops, Tablets.** Desktop, laptop, and tablet are all defined in Section 2.B.2, “Definitions”. Only products utilizing operating systems that are not Windows operating systems for these devices are allowed. Zero clients, thin clients, all-in-ones, workstations, notebooks, and mobile thin clients are included in this Band. Ruggedized equipment may also be included in the Product and Service schedule for this Band. Responders do not need to manufacture all three types of devices to be considered for an award.
- **Band 3: Servers and Storage.** A server is a physical or virtual computer dedicated to run one or more services or applications (as a host) to serve the needs of the users of other computers on a network. This band also includes server appliances. Server appliances have their hardware and software preconfigured by the manufacturer. It also includes embedded networking components such as those found in blade chassis systems. Storage is hardware or a virtual appliance with the ability to store large amounts of data. This band includes SAN switching necessary for the proper functioning of the storage environment. All operating systems for these devices are allowed. Ruggedized equipment may also be included in the Product and Service Schedule for this band. Responders do not need to manufacture both types of devices to be considered for an award.

Configuration Limits

Proposed product configurations provided by Contractor under the terms of the Master Agreement may not exceed the dollar amounts set forth below ("Configuration Limits").

The dollar limits identified below are based on a SINGLE computer/system configuration. This is NOT a restriction on the purchase of multiple configurations (e.g., an entity could purchase 10 laptops at \$15,000 each, for a total purchase price of \$150,000). Each configuration includes the combined total of hardware and software components that make up the total functioning system (e.g., a purchase of a laptop in Band 1 with a hardware cost of \$12,000 per unit and software at a cost of \$5,000 per unit would exceed the \$15,000 per configuration limit, and not be allowed).

Item	Configuration Limit
Band 1	\$15,000
Band 2	\$15,000
Band 3	\$1,000,000
Peripherals	\$10,000

Inspection and Acceptance

If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

The warranty period shall begin upon Acceptance. The Purchasing Entity will make every effort to notify the Contractor, within thirty (30) calendar days following delivery, of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31st day after delivery of Product or completion of Services. This clause shall not be applicable, if acceptance testing and corresponding terms have been mutually agreed to by both parties in writing.

System Failure or Damage

In the event of system failure or damage caused by the Contractor or its Product, the Contractor shall use reasonable efforts to restore or assist in restoring the system to operational capacity. The Contractor shall be responsible under this provision to the extent a 'system' is defined at the time of the Order; otherwise the rights of the Purchasing Entity shall be governed by the Warranty.

 - d. A no bid or response, does not count as a quote.
 - e. Basis of Award. Purchasing Agency may award on best value. Best value means the most advantageous offer determined by evaluating and comparing all relevant criteria, in addition to price, so that the offer meeting the overall combination that best serves the State is selected. These criteria may include, but not limited to, the total cost of ownership, performance history of the vendor, quality of goods, warranties, services, or construction, delivery, and proposed technical performance. The agency shall justify in writing, and document kept in the procurement file, when not selecting the lowest quote.
 - f. Agencies shall ensure that task orders, statements of work, or requests for quotations include the requirement to comply with the Hawaii Electronic Information Technology Disability Access Standards. The following language shall be included when procuring information technology:

“All electronic information technology developed or provided under this contract or procurement shall comply with the applicable requirements of the Hawaii

Electronic Information Technology Disability Access Standards (Access Standards).”

- g. Prior to making an award, Agency shall review the contractor’s Exhibit E: Contractor Terms and Conditions.
 - h. Personnel conducting or participating in utilizing Vendor List Contract No. 24-03 is responsible to complete form SPO-010, Record of Procurement for purchases of \$5,000 or more. If unable to obtain the minimum number of price quotes, written justification is explained in Part C. If award is not made to the lowest bidder, written justification is explained in Part D. The approved Form SPO-010 is kept in the procurement/contract file.
4. Services
- a. All services shall be indicated with the purchase order AND shall not conflict with Product Restrictions.
 - b. If applicable, Agency shall determine a ceiling amount of the order for services being ordered; The price per hour or other pricing elements consistent with the contractor’s Master Agreement and proposal;
 - c. Agency shall include a Statement of Work for any Software-as-a-Service, Infrastructure-as-a-Service (IaaS) and Storage-as-a-Service.

Note: Orders must be placed prior to the contractor’s expiration date, but may have a delivery date or performance period up to (120) days past the then-current expiration date.
