INFORMATION ON NASPO VALUEPOINT

The NASPO ValuePoint Cooperative Purchasing Organization is a multi-state contracting consortium of state governments, including local governments, of which the State of Hawaii is a member. NASPO ValuePoint Purchasing Organization seeks to achieve price discounts by combining the requirements of multi-state governmental agencies, and cost-effective and efficient acquisition of quality products and services.

The State of Iowa is the current lead agency and contract administrator for the NASPO ValuePoint Tires, Tubes and Services contract. A request for competitive sealed proposals was issued on behalf of NASPO ValuePoint Cooperative Purchasing Organization and contracts were awarded to four (4) qualified Contractors.

The contract provides tires, tubes and services for the following: pursuit and performance tires, automobile/passenger vehicles, light duty trucks: radial and bias, medium commercial/heavy duty trucks/buses, off-the road OTR: radial and bias, agricultural/farm, industrial, specialty tires, EV tires, retread.

For additional information on this contract, visit the NASPO ValuePoint website at <https://www.naspovaluepoint.org/portfolio/tires-tubes-and-services-2024-2029/>.

PARTICIPATING JURISDICTIONS listed below have signed a cooperative agreement with the SPO and are authorized to utilize this price list contract.

Executive Departments/Agencies	City and County of Honolulu (C&C Honolulu)
Department of Education (DOE)	Honolulu City Council
School Facilities Authority (SFA)	Honolulu Board of Water Supply
Hawaii Health Systems Corporation (HHSC)	Honolulu Authority for Rapid Transportation (HART)
Office of Hawaiian Affairs (OHA)	County of Hawaii
University of Hawaii (UH)	Hawaii County Council
Public Charter School Commission and Schools	County of Hawaii – Department of Water Supply
House of Representatives (House)	County of Maui
Senate	Maui County Council
Judiciary	County of Maui – Department of Water Supply
	County of Kauai
	Kauai County Council
	County of Kauai – Department of Water

The participating jurisdictions are not required but may purchase from this price list contract, and requests for exception from the contract are not required. Participating jurisdictions are allowed to purchase from other contractors; however, HRS chapter 103D, and the procurement rules apply to purchases by using the applicable method of procurement and its procedures, such as small purchases or competitive sealed bidding. The decision to use this contract or to solicit pricing from other sources is at the discretion of the participating jurisdiction.

POINT OF CONTACT. Questions regarding the products listed, ordering, pricing and status should be directed to the contractor(s).

Procurement questions or concerns may be directed as follows:

USE OF PRICE & VENDOR LIST CONTRACTS BY NONPROFIT ORGANIZATIONS. Pursuant to HRS §103D-804, nonprofit organizations with current purchase of service contracts (HRS chapter 103F) have been invited to participate in the SPO price & vendor lists contracts.

A listing of these nonprofit organizations is available at the SPO website: <http://spo.hawaii.gov>. Click on *For Vendors > Non-Profits > Cooperative Purchasing Program > View the list of qualifying nonprofits eligible to participate in cooperative purchasing.*

If a nonprofit wishes to purchase from a SPO price or vendor list contract, the nonprofit must obtain approval from each Contractor, i.e., participation must be mutually agreed upon. A Contractor may choose to deny participation by a nonprofit. Provided, however, if a nonprofit and Contractor mutually agree to this arrangement, it is understood that the nonprofit will retain its right to purchase from other than a SPO price or vendor list Contractor(s).

CONTRACTORS. The authorized contractors are listed in this price list contract. They have signed a Master Agreement with the State of Minnesota and a Participating Addendum with the Hawaii State Procurement Office.

Contractor:
Goodyear Tire & Rubber Company

Master Agreement Number:
24155

VENDOR CODES for annotation on purchase orders are obtainable from the *Alphabetical Vendor Edit Table* available at your department's fiscal office. Agencies are cautioned that the remittance address on an invoice may be different from the address of the vendor code annotated on the purchase order.

COMPLIANCE PURSUANT TO HRS §103D-310(c). Prior to awarding this contract, the SPO verified compliance of the Contractor(s) named in the SPO Price List Contract No. 24-24. *No further compliance verification is required prior to issuing a contract, purchase order, or pCard payment when utilizing this contract.*

PURCHASING CARD (pCard). The State of Hawaii Purchasing Card (pCard) is required to be used by the Executive department/agencies, excluding the DOE, SFA, HHSC, OHA, and UH, for orders totaling less than \$2,500. For purchases of \$2,500 or more, agencies may use the pCard, subject to its credit limit, or issue a purchase order.

Note: Vendors may not impose a transaction fee for pCard transactions.

PURCHASE ORDERS may be issued for purchases of \$2,500 or more and for vendors who either do not accept the pCard, or set minimum order requirements before accepting the pCard.

SPO VL CONTRACT NO. 24-24 & applicable NASPO VALUEPOINT MASTER AGREEMENT NUMBER shall be typed on purchase orders issued against this price list contract. For pCard purchases, the SPO Price List Contract No. 24-24 and the applicable NASPO ValuePoint Master Agreement Number shall be notated on the appropriate transaction document.

PAYMENTS are to be made to the Contractor(s) remittance address. HRS §103-10 provides that the State shall have thirty (30) calendar days after receipt of invoice or satisfactory completion of contract to make payment. Payments may also be made via pCard.

LEASE AGREEMENTS are not allowed under this contract.

STATE GENERAL EXCISE TAX (GET) AND COUNTY SURCHARGE shall not exceed the following rates if seller elects to pass on the charges to its customers.

COUNTY	COUNTY SURCHARGE TAX RATE	STATE GET	MAX PASS-ON TAX RATE	EXPIRATION DATE OF SURCHARGE TAX RATE
C&C OF HONOLULU	0.50%	4.0%	4.7120%	12/31/2030
HAWAII	0.50%	4.0%	4.7120%	12/31/2030
COUNTY OF MAUI (including Molokai and Lanai)	0.50%	4.0%	4.7120%	12/31/2030
KAUAI	0.50%	4.0%	4.7120%	12/31/2030

The GET or use tax and county surcharge may be added to the invoice as a separate line item and shall not exceed the current max pass-on tax rate(s) for each island.

County surcharges on state general excise (GE) tax or Use tax may be visibly passed on but is not required. For more information on county surcharges and the max pass-on tax rate, please visit the Department of Taxation’s website at <http://tax.hawaii.gov/geninfo/countysurcharge>.

COMPLIANCE PURSUANT TO HRS §103-53. All state and county contracting officers or agents shall withhold final payment of a contract until the receipt of tax clearances from the director of taxation and the Internal Revenue Service. This section does not apply to contracts of less than \$25,000.

VENDOR AND PRODUCT EVALUATION form, SPO-012, for the purpose of addressing concerns on this price list contract, is available to agencies at the SPO website: <http://spo.hawaii.gov>. Click on *Forms* on the home page.

PRICE OR VENDOR LIST CONTRACT AVAILABLE ON THE INTERNET at the SPO website: <http://spo.hawaii.gov>. Click on *Price & Vendor List Contracts* on the home page.

EMERGENCY PURCHASE. The FEMA special provisions have been added to the contract to allow departments/agencies to make purchases during a declared disaster and seek FEMA reimbursement during a declared emergency. For more information, please visit: <https://spo.hawaii.gov/for-state-county-personnel/disaster-preparedness-procurement/fema-reimbursement/>

The following Contractors have agreed to the FEMA special provisions:

- Goodyear Tire & Rubber Company

CONTRACT INFORMATION

The scope includes specific full lines of tires and tubes as covered in the manufacturer's price list (MPL) and related subcategories listed below.

Tires and Tubes Subcategories

- A. Pursuit and Performance Tires
- B. Automobile/Passenger Vehicles
- C. Light Duty Trucks: Radial and Bias
- D. Medium Commercial/Heavy Duty Trucks/Buses
- E. Off-the-Road OTR: Radial and Bias
- F. Agriculture/Farm
- G. Industrial
- H. Specialty Tires
- I. EV Tires
- J. Retread

Product and Service Specifications

- A. **General Tire Specifications.** The quality for all tires shall be the equivalent or greater than Original Equipment Manufacturers (OEM) as original for automobiles, trucks, tractors, buses, backhoes, loaders, motor graders, and other heavy equipment. Tires supplied shall be marked with Federal Department of Transportation (DOT) compliance symbol. Tires shall conform to all applicable Federal Specifications. All tires in subcategories one (1) through nine (9) shall be new, unused and shall have been produced or manufacturer within the last one (1) year prior to delivery to the purchasing Entity. Should an Authorized Dealer deliver a tire(s) with a manufacturing date exceeding the one (1) year limit, the Authorized Dealer shall pick up the expired tire(s) and replace them with tire(s) that meet the manufacturing date requirement for no additional fee to the Purchasing Entity. All tires shall have the size, manufacturer's name, DOT number, serial number, and indication of body material molded in side-wall at time of cure. The application of any of the above by any other means such as branding, application of decals, etc. shall not be acceptable. Tires offered shall have been tested to meet or exceed American Society of Testing and Materials (ASTM) Standard F1922 for highway tires, F1923 for Off Road/Low Speed tires, and meet operations performance levels and marking requirements of Federal Standards FMVSS 109 for new pneumatic passenger tires, FMVSS 139 for new pneumatic radial tires for light vehicles, and FMVSS 119 for new pneumatic non-passenger Multi-Passenger Vehicles (MPVs), trucks, buses, and trailers.

1. **Pursuit and Performance Tires.** Pursuit and performance tires include tires for police and other pursuit vehicles and for other high-speed, performance vehicles. This subcategory includes any tire that is H, V, W, Y, or ZR rated or above. An H rating is the minimum speed rating for tires in this subcategory. Tires shall be new, standard production tires expressly designed and certified by manufacturer for high speed operation and shall exhibit exceptional safety, stability, handling, and stopping characteristics. Offeror shall maintain evidence/certifications that such

tires meet all laboratory test and size requirements of Federal Standards MVSS 109.

2. **Automobile/Passenger Vehicles.** These tires include common passenger car tires and are designated with a “P” at the beginning of the tire size. Common applications for these types of tires would be passenger cars and minivans. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 3. **Light Duty Trucks Radial and Bias.** These tires can usually be identified by the letters “LT” at the beginning of the tire size. Common applications for these types of tires would be pickup trucks, sport utility vehicles, full size vans, and some trailers. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 4. **Medium Commercial/Heavy Duty Trucks/Buses.** These tires do not have a letter at the beginning of the tire size. Common applications for these types of tires would be medium and heavy trucks, buses, semi-trucks, cargo, vans, and trailer tires. Tires in this subcategory have a diameter that is equal to or greater than twenty (20) inches. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 5. **Off-the-Road OTR and Low Speed Off Highway Tires (Radial and Bias).** Common applications are heavy construction equipment such as wheel loaders, backhoes, graders, and trenchers. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 6. **Agricultural/Farm (Radial and Bias).** Common applications are farm tractors, wagons, harvesters, and other farm implements requiring tires with high traction qualities and tires with high flotation qualities at low inflation pressures. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 7. **Industrial.** Common applications are specialty industrial equipment, some construction equipment, and material handling equipment such as skid loaders and forklifts and include pneumatic, nonpneumatic, and press on tires. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 8. **Specialty Tires.** Specialty tires may include, but are not limited to, recreational, all-terrain-vehicle (ATV), boat trailer, yard and garden, and aviation tires. This category also includes all other tires not identified above. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 9. **Electric Vehicle (EV) Tires.** Common applications are electric sedans and trucks requiring tires with high load index. Tires shall be of standard OEM quality equal to or superior in every respect to those normally furnished as original equipment for such vehicles.
 10. **Retread Tires – Optional Service.** A retread tire undergoes a manufacturing process to replace the worn tread on used tires to extend the longevity of the tire.
- B. **Low Roll Resistance Tires.** Because of average fuel economy standards, the auto industry generally equips new vehicles with tires that have significantly lower rolling

resistance and better fuel economy than the average replacement tire. Replacement tires do not have to meet original equipment fuel efficiency standards as there is very little information regarding their rolling resistance and their relative fuel economy characteristics.

- C. **Tubes.** All inner tubes shall be standard production first line, heavy duty butyl tubes or natural rubber of fresh stock. All tubes shall be of quality not less than the tubes normally furnished in representative quantities by OEM as original equipment for automobiles, trucks, tractors, buses, backhoes, loaders, motor graders, and other heavy equipment. Tubes shall conform to all applicable federal specifications. All tubes shall be new and shall have been produced or manufactured within the last one (1) year prior to installation or delivery to the purchasing agency.
- D. **Detailed Services Specifications.** If listed in the contractor's pricing sheet the following may be offered.
1. Tire installation with purchase in store includes dismount of used tires and tubes
 2. Change tire, dismount and mount
 3. Flat repair, remove, repair and mount
 4. Flat repair, off vehicle
 5. Rotate mounted tires (per tire)
 6. New valve stem rubber or metal
 7. Wheel balance – computer spin balance (per spin)
 8. Wheel balance – computer spin balance and valve stem combination
 9. Foam filled
 10. Alignment Services
 11. Studding – Metal implants in the surface of the tread to improve traction on ice.
 12. Siping – The small slots that are cut or molded into a tire tread surface. These slots are meant to aid in increasing traction in snow, ice, mud, and wet road surfaces.
 13. Used tire recycle and disposal fee (per tire)
 14. Bulk Disposal of Tires (Optional Service) – Offeror shall, when requested, place trailers on-site at any requesting using Entity for the disposal of scrap tires. Offeror shall, on a will-call basis, within five (5) days' notification from requesting Purchasing Entity, remove and replace full trailers with empty trailers. Trailer capacity shall be a minimum of six (6) tons or scrap tires. Offeror shall dispose of scrap tires that are removed in Offeror provided trailers at an approved waste tire recovery area, other approved disposal methods. Offeror shall invoice for disposal of scrap tires at the established Master Agreement price per ton. Offeror shall submit with invoice, documentation of scrap tire disposal weight from a disposal site, if this is the method of disposal utilized by the Offeror. Offeror may return scrap tires mounted to wheels to Purchasing Agency if dismounting is required. With prior approval from the designated Purchasing Agency, Contractor may dismount scrap tires from wheels and invoice at the established Master Agreement price for such service. Contractor shall return wheels to purchasing agency for disposition unless instructed otherwise by purchasing agency.
 15. Tire Pressure Monitoring System (TPMS) – Vehicles all come with a TPMS which is built into the tire valve. When new tires are mounted on a vehicle with the TPMS system, the TPMS system is reinstalled with a new washer, valve, and valve cap (TPMS service kit).

- E. **Shipping and Delivery.** All deliveries will be F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. The minimum shipment amount, if any, must be contained in the Master Agreement. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered will be shipped without charge.
- F. **Warranty.** Unless specified in the Master Agreement, the Contractor warrants for a period of one year from the date of Acceptance that: (a) the Product performs according to all specific claims that the Contractor made in its response to the solicitation, (b) the Product is suitable for the ordinary purposes for which such Product is used, (c) the Product is suitable for any special purposes identified in the solicitation or for which the Purchasing Agency has relied on the Contractor's skill or judgment, (d) the Product is designed and manufactured in a commercially reasonable manner, and (e) the Product is free of defects.

AGENCY INSTRUCTIONS

1. Obtain one (1) quote from the Contractor or its authorized dealer.
